

# INCLUSION

Last newsletter we discussed the importance of inclusion in our planning. We have been discussing this with Jasmin and Carlos at Carers Qld who are busy working with their team to provide the information for our series on the Seven Pillars of Inclusion. This will begin in our next newsletter.

*"Inclusion is not a matter of Political correctness, it is the key to growth"*

## PHOTO OF THE MONTH

**QLD Blue pumpkin seedling.**  
Taken at the Bribie Island Community Nursery

This photo was taken only 7 days after the pumpkin seed was planted! So much growth in such a short time. The seeds were saved from last year's crop. Can't wait for these to grow.

**If you have a photo or story about your garden you would like to share, please send it to our email and we will publish them in future issues.**

## SUPPORT THE BUSINESSES AND GROUPS SUPPORTING US

It has been amazing to see the generous support from many local (and not so local) business and community groups that are helping to get this project off the ground.

Wherever possible please support them in return

## THIS MONTH'S COVER PHOTO

Need a New Years resolution you can stick to this year? How about growing some fresh, healthy fruit and veggies at your place? If you don't have much space or are not sure how to go about it, no worries, come down to a meeting, have a chat and we can learn together. The main thing is to have a go!

## DONATING TO THE GARDEN IS NOW AS EASY AS 1,2,3!

BCGI has signed up to the "containers for change" recycling initiative. Your empty containers can help raise funds to establish an inclusive community garden in Beachmere.

Collect eligible containers

Take them to your nearest container refund point

Visit their website to find your nearest location. The closest to Beachmere is:

21 Armitage Street, Bongaree 4507

Donate the refund to Beachmere Community Garden Inc.

**PLEASE USE THE ID CODE: C10510815**

**if you would like to donate your recycling to our fundraising efforts.**

Feb 12th is World Darwin Day. Charles Darwin is most remembered for his work "On the Origin of Species", but did you know his final book was about worms and their benefit to the soil? "The Formation of Vegetable Mould through the Action of Worms, with Observations on their Habits" (what a title!) was a culmination of 40 years' study and sold more copies in its first year than his more famous work!
